

To all of our loyal & cherished guests, we are excited to welcome you back!

PER ORANGE COUNTY, ALL GUESTS ARE REQUIRED TO:

- Bring and wear a face covering when not eating or drinking

IN AN EFFORT TO AVOID TRANSMISSION, PLEASE ALSO:

- Maintain physical distance (6 ft) from other guests
- Self-screen for symptoms before entering and do not enter if symptomatic or if you're COVID-19 positive
- Use hand sanitizer and properly wash hands in restrooms
- Avoid unnecessary touching of surfaces

ADDITIONALLY, please review our Safety Priorities to see how we're prioritizing the health & safety of our guests & team members through new policies

- Asking guests to self-screen for symptoms before entry and to use hand sanitizer and maintain physical distance from other guests during their visit
- Providing symptom screenings, including temperature checks, of all team members prior to each shift and requiring those who are sick or exhibiting symptoms of COVID-19 to stay home
- Providing and ensuring certain team members use required protective equipment, including face coverings and gloves, where necessary.
- Adjusting maximum occupancy based on current authority guidelines in the overall facility and within specific spaces
- Providing socially distanced line queues at the entrance and at all service points
- Restricting seating areas to only those that allow for adequate physical distancing of groups
- Increasing sanitation frequency throughout the day beyond our already strict standards including:
 - Cleaning & sanitizing bowling balls after each use
 - Cleaning and sanitizing arcade games frequently, making certain games unavailable due to their components and reducing capacity in the redemption store
 - Providing disinfecting wipes and additional sanitizing stations to guests
 - Suspending the use of shared food service related items, including menus, and providing these in single-use or disposable forms instead
 - Limiting groups size based on current state & county guidelines
